

CAFENETIC

"People crave digital experiences that are as comforting as their favorite café, yet as exciting as a live event."

"A great website is like the perfect café—comforting to stay in, but alive with energy."

A CAFE-BASED MANAGING SYSTEM

Add host's position

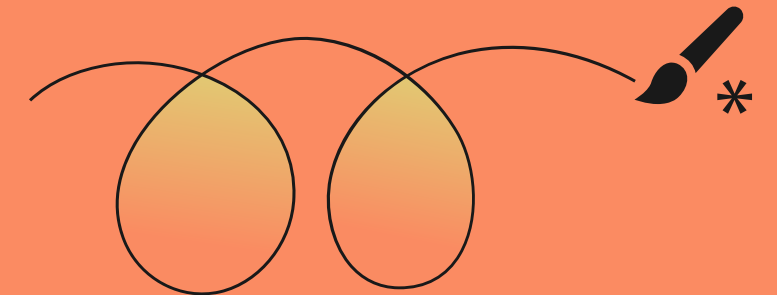

STORY & INSPIRATION

[Back to Agenda Page](#)

INSPIRATION

The inspiration comes from bridging human comfort (Café) and digital energy (Kinetic) to create engaging yet intuitive web experiences.

Users should feel "at home" (clear navigation, fast load times, accessibility).

UPLOAD

MOTIVATION

CONCEPT

[Back to Agenda Page](#)

1

The word CafeNetic comes/
describe from the word Café and
Kinetic, which derives means :

2

CAFE

cozy café, a website should offer
a welcoming, intuitive, and
enjoyable user experience (UX).

3

KINETIC

refers to dynamic, motion-driven
interfaces that respond to user
actions.

4

A great website balances Café (comfort/
usability) and Kinetic (energy/
interactivity)—just like a café with both
relaxing seating and lively activity.

TARGET AUDIENCE

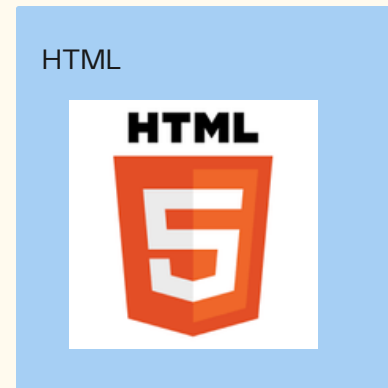

[Back to Agenda Page](#)

The website is mainly target teenagers in early 20s for users or customer meanwhile for admin users usually café manager or owner, café staff and small food & beverages businesses

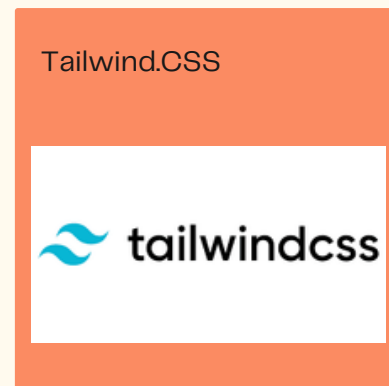

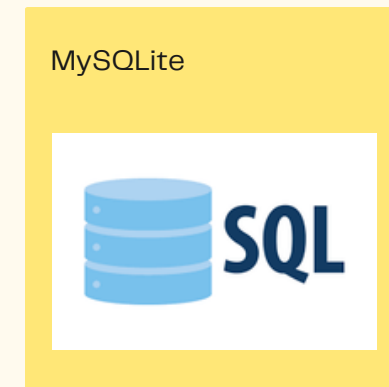

TOOLS, TECHNOLOGIES (PROGRAMMING LANGUAGE) & FRAMEWORKS IMPLEMENTED

FRONTEND

BACKEND

ADDITIONAL FRAMEWORKS

FUTURE IMPROVEMENT

1 DESIGN

- Improve interface design to be modern, minimalist and authentic for cafe-based websites (referencing well-known company website : starbuck..com, fivefingers.com etc.)
- Add custom icon and cafe logo

2

COLLABORATION AND API CALLS

Payment gateway API for money transfer using EWallet and PayPal

Google Maps API for location tracking for precise ordering delivery feature

3

INTERACTIVITY & USER-BASED INTERFACE

Improve table mapping, selecting layout and styles for visualization

Small hover animation in every corner of the website

Interactive, floating, and rotating 3d model as background image
